Day?

Memorial Day commemorates the men and women who died while in the military service of their country, particularly those who died in battle or as a result of wounds sustained in battle. We spend time remembering those who lost their lives and could not come home, reflecting on their service and why we have the luxury and freedom that we enjoy today. We might consider how we can support and safeguard their grieving families and loved ones who are left behind.

Veterans' Day is the day set aside to thank and honor ALL who served — in wartime or peacetime — regardless of whether they died or survived. Veterans Day is always observed officially on November 11, regardless of the day of the week on which it falls.
